 Service . Expertise . Quality

## WATER SOURCE

## APPLICATION

Approved for  
**Drinking Water**  
 AS/NZS 4020 

**2**  
 YEAR  
 WARRANTY

The Grundfos Jet Pump range comprises three configurations, all built on the robust self-priming Grundfos JP Pump.

- **For water sources above and below pump level** - Designed with good suction lift capabilities, the pump is able to draw water up to 8 metres vertically from below the level of the pump
- **Excellent value for money** - Ideal for small to medium household use
- **Built to last** - Constructed of corrosion resistant composite and stainless steel components
- **Automated control and ongoing protection** - The Pressure Manager controller provides a basic level of pump control and protective features.
- **Easy installation – plug & pump** - Connect the pump inlet and outlet to the pipework, prime the pump, plug into a power outlet and you're ready to pump

**JP PM**  
 Jet Pump with Pressure Manager controller

## PUMP NOISE

			
SCALA2	CM Booster Self-Priming	CME Booster	Jet Pump Range
47 dB Max.	55 dB Max.	55 dB Max.	70 dB
